

Dear Members,

This year the club returns to having a summer closure with this year's occurring between July 1 and 15.

The closure is a time when the club can do other work that would inhibit its normal operations. Our focus during this year's closure is to begin the work of reclaiming spaces for member utilization through reorganization of spaces currently being used for storage both short and long term.

This process has been a joint effort of ESB Staff and the House Committee, and we invite you to 'roll up your sleeves' and help us with some of the lighter duties on Wednesday, July 12 at our Member Pitch-In Day.

And don't worry – during our closure we will still be maintaining administrative hours Monday through Friday. We have also scheduled two offsite member events: a Wine Society outing to Boordy Vineyards, and an Orioles game.

We wish you all a wonderful summer and hope to see you soon,

J. A. B.
